EDUCATION

Arizona State University, Tempe Az

- Bachelor of Science in Computer Science — Expected May 2027
- Software Engineering Focus — GPA: 3.41

PROJECTS

Academic Discussion and Evaluation System | Java, JavaFX, H2, JUnit Fall 2025

- Built two MVC-based modules for discussion management, student activity tracking, grading, and private feedback.
- Implemented JDBC database operations, CRUD functionality, role-based authorization, and automated and manual testing.

Compiler & Semantic Analysis | C++ | June- July 2026

- Built a recursive-descent parser and semantic analyzer for a custom programming language.
- Implemented symbol tables, static scope resolution, type checking, and diagnostics for undeclared, unused, and uninitialized variables.

Honeywell Aerospace Cable Design Tool | Capstone Project | August 2026- Current

- Collaborating with a five-person team and Honeywell sponsor to develop a tool that automates aerospace cable design and component compatibility validation.
- Defining requirements and system workflows for managing cable components, modifying designs, and generating digital engineering drawings.

WORK EXPERIENCE

Society of Hispanic Professional Engineers (SHPE) | Webmaster Intern — *Tempe, AZ | Member: Fall 2023 - Present |* Webmaster Intern *September 2026–Present*

- Serve as the designated website developer for the SHPE chapter, taking primary responsibility for maintaining and updating the chapter website.
- Collaborate with Executive Board members to coordinate chapter initiatives, digital communication, and member engagement efforts.
- Help plan and lead events focused on professional development, community building, and increasing member retention.

Topgolf | Server | Shift Lead | Event Ambassador — *Gilbert, AZ | January 2026–Present*

- Deliver efficient guest service during high-volume shifts, corporate events, and catered functions while training and supporting new employees.
- Serve as a Shift Lead and Event Coordinator, helping coordinate team responsibilities, event execution, and guest needs during large-scale and corporate events.

Macayo's Mexican Food | Server |Host — *Tempe, AZ | January 2025-March 2026*

- Provided attentive service to patrons and assisted with front-of-house workflow during high-volume dining shifts.
